Re: Summary of Benefits and Coverage

In accordance with the Patient Protection and Affordable Care Act as amended, the Trust is required to provide a **Summary of Benefits and Coverage** (SBC) to all participants and beneficiaries. The enclosed SBC is for the Plan in which you are currently enrolled and replaces any prior SBC you may have received. Please note: The SBC furnished to the participant will be considered provided to dependents unless the Plan has been advised of a different address for dependents.

It is important to note that the SBC is only a **summary** and does not replace the Summary Plan Description (Plan booklet). Included in the SBC are “coverage examples,” which estimate what the Plan benefit would be under common medical situations. If you are eligible or enrolled in Medicare or have primary coverage through another group health plan, this plan’s benefits will be coordinated with that other plan and differ from what’s indicated in the SBC and the coverage examples. The SBC is not intended to be a cost estimator and should not be used to estimate your actual costs.

A **Uniform Glossary of Terms** has also been published by the government. This document is intended to describe terms commonly used in health insurance coverage, such as “deductible” and “copayment.” Both the SBC and the Uniform Glossary of Terms have been posted to the Trust’s website at www.apea-afttrust.com.

If you have any questions regarding the information outlined in this notice, please contact the Administration Office at (800) 331-6158.
